

PLEDGE CARD

Committee for a Secure Future

CSEA has been **fighting for a voice on the job for Connecticut State Employees for 70 years**. Since helping to secure collective bargaining rights for state employees in 1975, CSEA has won significant gains and protected vital benefits that have improved all of our worklives.

These gains could be **lost without a strong union that has the experience and influence to protect them**.

I, _____ (*Print Name*) hereby pledge that I will become a member of CSEA's **Committee for a Secure Future**, and that in doing so I commit to the following:

- 1) To become knowledgeable about CSEA's **record of legislative, political and collective bargaining achievements** for state employees;
- 2) To be willing to be public about my support for working with CSEA to **win a more secure future for myself and my co-workers**; &
- 3) To be willing to be active and talk with my co-workers about how we can make CSEA an **even stronger union, protect our contracts, and keep our many gains**.
